

# Model Three™

AM/FM Clock Radio

## Wake up Happy.

The Model Three uses the same “Henry Kloss designed” tuner with GaAs MES-FET mixers, 5:1 ratio analog tuning dial, and the same inputs and outputs as the award-winning Model Two™, but because it’s a clock radio, we’ve added a 20-minute sleep timer, a snooze button, a sleek thumbwheel to set the alarm time, and the option to wake to a buzzer or the great sounding AM/FM radio.

It’s this warm sound, ease of use, and distinguished appearance that gives the Model Three its wonderful bedside manner. The constant gentle illumination makes the clock face visible in low or no light without keeping you awake.

Add the Dual Alarm Speaker, and you’ll turn your Model Three clock radio into a true stereo music system, capable of filling a room with warm, rich, detailed sound. You’ll also get an accurate quartz alarm clock with a sleek thumbwheel to set the alarm time, and a snooze button.

Like all Tivoli Audio products, the Model Three AM/FM clock radio is compatible with iPod® and other players.

- **Designed by Tom DeVesto**
- **Henry Kloss designed tuner using GaAs MES-FET cell phone technology**
- Precise 5:1 ratio tuning dial
- Furniture-grade wood cabinet
- Accurate analog quartz clock
- 20-minute sleep timer
- Wake to buzzer or AM/FM radio
- Same exceptional sound as other Tivoli Audio radios

Dimensions: 4.5"H x 8.375"W x 5.25"D
