

# SongBook™

AM/FM Travel Radio

## High-fidelity audio to go.

Whether travelling for business or pleasure, in today's world, having access to news and music is increasingly becoming a necessity rather than a luxury. SongBook delivers the wealth of programming that FM and AM has to offer, in our trademark high-fidelity sound. Add that to the sensitive digital tuner, alarm clock, sleep timer, and built-in charger for NiMH/NiCAD batteries (sold separately), and you have a first class portable clock radio. The unique rubberized coating helps to protect SongBook from Mother Nature's elements and from everyday wear and tear.\* We've even included a rear keyhole cut-out for wall-mounting. And with multiple colors to select from, you're sure to find one that suits your style.

Like all Tivoli Audio products, the SongBook AM/FM travel radio is compatible with iPod® and other players.

\*Rubberized coating not available in silver.
