

iSongBook™

Portable Music System for iPod®

Take your iPod® out and show it a good time.

The iPod is the best portable music player on the market. So who better than Tivoli Audio, makers of the world's finest radios, to produce the best portable music system for the iPod*?

Built around our popular portable digital radio, the iSongBook introduces a number of firsts in a dedicated "Made for iPod" product: The first with a concealed, flip-down docking station. The first with a detachable second speaker, with integrated audio cable management, for expansive, stereo sound. The first with a sleep timer and alarm, with the option to wake to the iPod. The first with a remote to control the iPod's Album and Playlist features. The first with a built-in charger for NiMH or NiCAD batteries for increased portability.

If you're looking for a playback system that is as intuitive as your iPod, look no further than iSongBook from Tivoli Audio. As an iPod owner, you didn't settle for second best in a music player, so don't settle for anything less in a playback system. Pamper your iPod with iSongBook.
